

CHILDREN'S ENRICHMENT CENTER

Parent Participation Form

Parent participation is a fundamental part of the CEC program. Each family is required to participate in a minimum of one primary and one secondary activity. If you or extended family members are unable to meet these requirements other arrangements need to be made with the director. In addition, everyone is expected to help with class parties, volunteer to drive for field trips, help with fund raisers and attend special events (Orientation and Tour, Thanksgiving Feast, End of the Year Sing-A-Long and Picnic, etc.). In addition to supporting the school, parent participation provides opportunities for friendships with other parents and invaluable time with the children. Thank you!
